MEMORANDUM FOR THE DIRECTOR

FROM:

Allen W. Dulles

Referring to Thayer's message discussed at this morning's Deputies meeting with regard to pressing for anti-Communist action by the French Government, I suggest that you may wish to discuss this with Bruce and Foster at the PSB meeting Thursday. You will recall that the PSB has endorsed a specific project on this subject, a copy of which is attached.

Meanwhile, as agreed this morning, I am cabling Thayer that we see no objection to his having a preliminary discussion of the matter with Ambassador Dunn assuming that the Embassy working committee on this subject, of which he, Thayer, is a member, is in general accord. I have also told Thayer that the matter would be discussed at the PSB meeting with Bruce and Foster.

14 is assumed that the attacked memo was
noted by DCI before the PSB meating of
8 May. This is therefore filed without further
referring it to DCI. REEL
